Preparedness
and Emergency
Response

Health departments representing the **cities of East Chicago and Gary and the counties of Jasper, Lake, LaPorte, Newton, and Porter** are encouraging their community members to participate in the 2009 point of dispensing exercise. Volunteers will walk through the dispensing site, fill out a form and receive a bottle of mock medication. The exercise will test, among other things, the speed and efficiency of the dispensing process. **To participate, arrive at the Gary Genesis Center between 11:30am and 1:30pm on June 10, 2009.** Preferred arrival time is 11:30am.

Strong community participation is essential to truly test our abilities and to become a strong and prepared district.
